An Act to appropriate the Lands set apart for the use of the Troops of the Line of this State, lately serving in the Army of the United States, and for other purposes therein mentioned.

Passed 28th February, 1789.

Whereas, by the first section of the act entitled "An act to prevent the grants or locations of the lands therein mentioned," passed the twenty-fifth day of July, one thousand seven hundred and eighty-two, a certain tract of land in the said act described, was set apart for the purpose of making grants to the officers therein mentioned, and to the troops of this state serving in the army of the United States, and their legal representatives: And whereas, by the fourth section of an act, entitled "An act to extend the powers of the commissioners of the land-office to the cases therein mentioned, and for other purposes," passed 20th March, 1788, it is declared, that if the Indian right to such lands shall be extinguished, as in the said last mentioned act is specified, such lands shall be appropriated to the use of such troops: And whereas the commissioners appointed to hold treaties with the Indians, have purchased of the Onondaga and Cayuga Indians, certain lands, being part of the lands so set apart for the use of the said troops, whereby their right to the same is extinguished: Therefore,

I. *Be it enacted by the People of the State of New-York, represented in Senate and Assembly, and it is hereby enacted by the authority of the same,* That the commissioners of the land-office shall be, and they are hereby authorised to direct the surveyor-general to lay out as many townships in the said tract of land so set apart as aforesaid, as will contain land sufficient to satisfy the claims of all such persons who are or shall be entitled to grants of lands by the said concurrent resolutions, and by the eleventh clause of the act, entitled, "An act for granting certain lands promised to be given as bounty lands, by laws of this state, and for other purposes therein mentioned," passed the eleventh day of May, one thousand seven hundred and eighty-four; which townships shall respectively contain sixty thousand acres of land, and be laid out as nearly in squares as local circumstances will permit, and be numbered from number one progressively, to the last inclusive; and the commissioners of the land-office shall likewise designate every township by such name as they shall deem proper; the first of which townships to begin on the western side of the Onondaga river, at the falls thereof; and all of them to be laid out contiguous to each other, within the limits and bounds of the tract of land set apart for the use of the troops of this state as aforesaid, so that no part of the said townships shall extend further east than a line to be drawn north and south from the southwest corner of the lands reserved by the Oneida Indians for their own use, from and out of the cession and grant made by them to the people of this state, at the last treaty held with them by the commissioners appointed by a law of this state for that purpose: *Provided always,* That no part of the said townships shall interfere with, or be laid out on any part of the lands reserved by the Onondaga and Cayuga Indians, for their own use, or the use of any particular person or persons, in the cession or grant made by them to the people of this state, by the treaties lately held between the Onondaga and Cayuga Indians, and the commissioners appointed for that purpose.

II. *And be it further enacted by the authority aforesaid,* That the surveyor-general, as soon as may be, shall make a map of each of the said townships, and each township shall be subdivided on such map into one hundred lots, as nearly square as may be, each lot to contain six hundred acres, or as nearly that quantity as may be; and the lots in every township shall be numbered from one to the last, inclusive, in numerical order; and one copy of such map shall be filed in the secretary's office of this state, and the original shall be preserved in the said surveyor-general's office; and the surveyor-general shall, immediately after having filed such map as aforesaid in the secretary's office, give notice thereof to the commissioners of the land-office; which said commissioners shall thereupon cause a notice to be published six weeks successively, in one or more of the newspapers printed in each of the cities of New-York and Albany, (whereof the newspaper published by the printer to this state, if any such there be, shall be one,) requiring all persons entitled to grants of bounty and gratuity lands as aforesaid, who have not, by themselves or their legal representatives, already exhibited their claims, to exhibit the same to the said commissioners, on or before the first day of January, one thousand seven hundred and ninety-one.

III. *And be it further enacted by the authority aforesaid,* That the said commissioners, after the day fixed by the said advertisement, shall proceed to examine and determine the claims of all and each of the persons, or their legal representatives, entitled to grants as aforesaid, in such mode and manner as to them shall appear equitable and just, so that the bounty and gratuity intended to be given by the state be not extended to persons who may not be entitled thereto; and after such determination as aforesaid, the said commissioners shall cause the names of each of the officers, non-commissioned officers and privates so by them adjudged to be entitled to the bounty and gratuity as aforesaid, to be written on separate ballots or tickets, and as many more names of the commissioned officers entitled to such bounty on separate ballots or tickets, as there shall be six hundred acres in the share to which such officers respectively are entitled by virtue of the law and resolutions aforesaid; reserving the surplus that may happen to be due to such officers, and which cannot be satisfied exactly by the division of the said townships into lots of six hundred acres, to be provided for in the manner hereinafter to be directed: *Provided,* That no commissioned officer shall be entitled to any addition of land as a bounty or gratuity on the part of this state, on account of any promotion conferred on him by the acts of congress of the thirtieth of September, and the first of November, one thousand seven hundred and eighty-three.

IV. *And be it further enacted by the authority aforesaid,* That it shall be the duty of the commissioners of the land-office, and they are hereby directed and required to take an account of all persons to whom lands shall be granted by virtue of this act, and who were entitled thereto by any act or resolution of congress, and of the quantity granted to each person so entitled, and to require from each of the said persons, an assignment of his, her or their proportion and claim of bounty and gratuity lands under any act or acts of congress, to be made to and in the name of the surveyor-general, for the use of the people of this state; which account and assignments shall be deposited in the office of the surveyor-general of this state, in order that this state may receive a just compensation for the lands which shall be granted by virtue of this act, conformably to any requisition of congress; and it shall be and it is hereby declared to be the duty of the surveyor-general for the time being, to locate and procure grants in the manner prescribed by congress, for such land so to be assigned to the people of this state: *Provided always,* That if it shall be in the power of the said commissioners to sell and dispose of the whole or any part of such rights so to be derived under assignments as aforesaid, it shall in that case be lawful for them, and they are hereby authorised to direct the surveyor-general to sell the same for any public securities issued by the treasurer or auditor of this state, at such price as the said commissioners shall think fit and reasonable.

V. *And be it further enacted by the authority aforesaid,* That the said commissioners shall cause the ballots or tickets aforesaid to be rolled up and put into a box, and then shall cause one hundred ballots or tickets to be made and numbered, from number one to one hundred; which said ballots or tickets shall also be rolled up and put in a separate box, for township number one; and so as many ballots or tickets, numbered, rolled and put up as aforesaid, for township number two, and so on for each other township which shall be laid out to satisfy the claims of persons entitled to grants of bounty and gratuity lands as aforesaid; and after having com-

pleted the same, the said commissioners shall proceed to the balloting of the said lands, which shall be performed in the following manner: that is to say, they shall appoint one or more person or persons, who shall first draw a ticket from the box in which the names are put, and then a ticket of the number of township number one, until the number of ninety-four names, and as many lots have been drawn; and after drawing for the lots in said township number one, in manner aforesaid, they shall proceed in the same manner to draw the lots in the other townships, until the whole drawing is completed; and the lots in each township drawn next after the tickets marked with the name of the person entitled to such lands shall be the separate and distinct share of the person whose name was marked on the ticket drawn as aforesaid immediately before, or of his legal representative, and of all persons holding under him or her; of which balloting, and all the proceeding relating to the same, the said commissioners shall make a full and fair entry and minute in a book, one copy thereof certified under their hands, or the hands of a majority of them, shall be filed in the secretary's office, and the other copy, certified in like manner, in the clerk's office of the county of Montgomery.

VI. *And be it further enacted by the authority aforesaid,* That the six lots remaining in each township, not ballotted for as aforesaid, shall be by the commissioners aforesaid assigned in the manner following: that is to say, one thereof for the promoting the gospel, and a public school or schools, one other for promoting literature in this state, to be applied in such manner as the legislature may direct, and the remaining four lots to satisfy the surplus shares of commissioned officers not corresponding with the division of six hundred acres as aforesaid, and to compensate such persons as may by chance draw any lot or lots, the greater part of which may be covered with water.

VII. *And be it further enacted by the authority aforesaid,* That the said commissioners, after completing the balloting as aforesaid, shall direct the surveyor-general, by himself or his deputies, to survey the outlines of the said townships, at the expense of the state, as soon as conveniently may be, and to make a map of each of the said townships agreeable to such survey, and on the same to subdivide the lots in manner as before mentioned; one copy of which to be filed in the secretary's office, and one other copy in the office of the clerk of Montgomery county.

VIII. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful for the said commissioners to direct letters patent to be prepared and granted to each of the persons by them adjudged to be entitled to grants of lands as aforesaid; and that the commissioners and secretary shall respectively be entitled to the following fees for their services performed, or to be performed by them respectively, by virtue of this act, and to be paid by the person or persons in whose favor any letters patent shall issue: that is to say, to the governor, for his attendance on signing and affixing the great seal to such letters patent, the sum of eight shillings, and to the other of the said commissioners, jointly, exclusive of the secretary, the like fee of eight shillings, to be divided as to a majority of them shall seem proper; to the secretary, for preparing the letters patent, recording and keeping the minutes of the said commissioners, the like fees as allowed herein before to the governor; and it is hereby made the duty of the said commissioners to direct letters patent to be granted to any person who shall apply for the same, or his legal representatives, including the whole of the lands to which such person or his representatives, may be entitled as aforesaid, in one patent; provided the same does not exceed one-quarter of the quantity of a township.

IX. *And be it further enacted by the authority aforesaid,* That on the lands to be granted by this act, there shall be an actual settlement made, for every six hundred acres which may be granted to any person or persons, within seven years from the first day of January next, after the date of the patent by which such lands shall be granted; and on failure of such settlement, the unsettled lands shall revert to the people of this state.

X. *And be it further enacted by the authority aforesaid,* That all letters patent to be granted by virtue of this act shall be in such words and forms as the said commissioners shall direct, and shall contain an exception and reservation to the people of this state, of all gold and silver mines, and shall convey the lands therein mentioned to the grantee and his heirs.

XI. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful to and for any person or persons, holding and being entitled to any certificates issued in pursuance of the act, entitled "An act for raising two regiments for the defence of this state," and the act, entitled "An act for raising troops to complete the line of this state, and the two regiments to be raised on bounties of unappropriated lands, and for the further defence of the frontiers of this state," to locate the lands to which they respectively became entitled in any part of the lands purchased or to be purchased by the people of this state, from the Onondaga, Cayuga or Seneca nations of Indians, which they might have located upon, on the first day of May, in the year of our Lord one thousand seven hundred and eighty-six; and that it shall and may be lawful to and for the commissioners of the land-office to grant letters patent for the same, in the manner prescribed by former laws respecting lands located in consequence of such certificates: *Provided always,* That no such locations shall be made on any of the lands assigned to the troops of the line of this state, or in any part of the township of Chemung; and provided also, such locations be made within one year after the passing of this act.

And whereas it has been suggested to the legislature, that Johannes Lieb and others, his associates, were, previous to the revolution, entitled to a grant for a tract of land in the county of Montgomery, and that the said lands were granted by the people of this state as a compensation for military services, to other persons: Therefore,

XII. *Be it further enacted by the authority aforesaid,* That it shall and may be lawful to and for the commissioners of the land-office to examine into the claims of the said Johannes Lieb and his associates; and if, upon such examination, it shall appear that the said claim is equitable, and ought to be allowed, and that the said lands have been granted by the people of this state as a compensation for military services, it shall and may be lawful to and for the said commissioners to direct the surveyor-general to survey and lay out, at the expense of the said Johannes Lieb and his associates, a tract, equal in quantity to the lands so granted, of any of the ungranted lands of this state, not included in the late Indian purchases, or particularly reserved to the people of this state by any former law, and to grant the same in like manner and on the same conditions as other lands granted on equitable claims, were granted before the expiration of the time limited by former laws for that purpose.

XIII. *And be it further enacted by the authority aforesaid,* That whenever any person shall have located by virtue of the laws of this state, on lands belonging to this state, which were occupied and improved on or before the 25th July, 1782, the surveyor-general shall, at the expense of the person or persons having located such lands, cause the same to be surveyed, and also cause notice to be given in writing to the occupant or occupants, and if the occupant or occupants do not apply for the same within four weeks after such notice hath been given, the surveyor-general shall then make a return of the survey of such lands to the commissioners of the land-office, and the person or persons having located the same shall be entitled to letters patent therefor; and whenever any person shall have made a claim to unappropriated lands by virtue of improvements made and occupancy had, prior to the said 25th July, 1782, the commissioners of the land-office shall direct the surveyor-general to survey such lands at the expense of the claimant, and give public notice of such claim in one of the public newspapers printed in each of the cities of New-York and Albany, for three weeks successively, of such location, and if no caveat be entered in the respective offices of the Secretary and Surveyor-General, satisfactory proof of such improvement and occupancy being made to the said Commissioners, the claimant shall be entitled to letters patent for such lands in manner by law directed; provided the quantity of each claim do not exceed two hundred acres; but if caveats be entered in the respective offices of the secretary and surveyor-general within the time before mentioned, the commissioners of the land-office shall proceed to hear and determine such claims in the manner directed by the act, entitled "An act to extend the powers of the commissioners of the land-office to the cases therein mentioned, and for other purposes," passed the 20th of March, 1788; provided that all such locations or claims as aforesaid, be made on or before the first day of January, one thousand seven hundred and ninety-one.

XIV. *And be it further enacted by the authority aforesaid,* That the commissioners of the land-office are hereby directed to grant to Lieutenant Elijah Bill, a refugee from Nova-Scotia, the proportion of land he would have been entitled to by any former law of this state, had he applied within the time limited by the said law, out of the lands set apart for the Canadian and Nova-Scotia refugees.

XV. *And be it further enacted by the authority aforesaid,* That the time limited for suing out letters patent, by the first paragraph of the fifth section of the act, entitled "An act to extend the powers of the commissioners of the land-office to the cases therein mentioned, and for other purposes," passed the 20th of March, 1788, is hereby extended to the first day of March, one thousand seven hundred and ninety, so far as it respects the Canadian and Nova-Scotia refugees.

XVI. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful for the commissioners of the land-office to grant letters patent to Luis Cook, alias Hadaquitochrongwen, for such tract of land, lying on the Niconsiaga river, beginning at the first falls on the said river, and extending up the same on both sides thereof, as they shall find to be his distinct property; provided the same has not been otherwise appropriated.

An Act to carry into effect the Concurrent Resolutions and Acts of the Legislature, for granting certain Lands promised to be given as Bounty Lands, and for other purposes therein mentioned.

Passed 6th April, 1790.

Whereas, by the third clause of the act, entitled "An act to appropriate the lands set apart to the use of the troops of the line of this state, lately serving in the army of the United States, and for other purposes therein mentioned," the commissioners of the land-office are prohibited from granting letters patent to the persons who are entitled to grants of bounty and gratuity lands, until after the first day of January, one thousand seven hundred and ninety-one: And whereas such delay in granting the said letters patent, may be injurious to the settlement of the said lands: For remedy whereof,

I. *Be it enacted by the People of the State of New-York, represented in Senate and Assembly, and it is hereby enacted by the authority of the same,* That the commissioners of the land-office shall and may, by advertisement to be published in one or more of the public newspapers published in the city of New-York, whereof the newspaper printed by the printer for this state shall be one, and in one of the newspapers printed in the city of Albany, for six weeks successively, to require all persons entitled to lands by virtue of the concurrent resolutions of the senate and assembly of the twenty-seventh day of March, one thousand seven hundred and eighty-three, and by the eleventh clause of an act, entitled "An act for granting certain lands promised to be given as bounty lands, by the laws of this state, and for other purposes therein mentioned," passed the eleventh day of May, one thousand seven hundred and eighty-four, who have not already exhibited their claims, to exhibit the same to the said commissioners on or before the first day of July next, and shall immediately thereafter, proceed to examine the claims of every person who may apply for letters patent in pursuance of the said concurrent resolutions, and the said eleventh clause of the act last aforesaid; and as soon as they shall have determined that such person is entitled, they shall cause letters patent to issue for the share of such person.

II. And whereas the survey of the said tract of land so set apart for the troops aforesaid, has not been completed: *Be it therefore enacted by the authority aforesaid,* That it shall be the duty of the surveyor-general to direct and cause the outlines to be run and marked, of all those and such townships in the said tract, the survey of the outlines whereof is yet unfinished; and in order the better to enable him to complete the same, the treasurer is hereby directed and required to pay to the surveyor-general, a sum not exceeding five hundred pounds.

III. And to encourage a speedy settlement, and prevent inconveniences that may arise among the claimants, for the want of a proper regular subdivision of the said townships into lots, *Be it further enacted by the authority aforesaid,* That it shall also be the duty of the surveyor-general to cause each of the said townships to be subdivided into one hundred lots, each lot to contain six hundred acres; and to enable him to supply provisions and other necessaries to carry the same into effect, the treasurer is hereby further directed and required to pay to the said surveyor-general the further sum of four hundred pounds, which said sum shall be repaid into the treasury, in the following manner: that is to say, it shall be the duty of the secretary of the state to charge, over and above the fees already established on each lot, the sum of eight shillings, to be by him collected and paid into the treasury, to the full amount of the sum so to be advanced as last aforesaid; and the residue shall be paid to the surveyor-general, to be by him applied for the discharge of the wages that shall become due to the surveyors and chain-bearers, for their services; and in order to make ample provision for the full discharge of the wages that may remain due to the said surveyors and other persons employed in the aforesaid service:

IV. *Be it further enacted by the authority aforesaid,* That the quantity of fifty acres, in one of the corners of the respective lots to be so laid out, shall be and are hereby subjected to the payment of the further sum of forty-eight shillings to the surveyor-general, as a compensation in full for his services and expenses in marking, numbering and surveying each of the said lots; and in every case where the said sum of forty-eight shillings, or any part thereof, shall remain unpaid for the term of two years next after the issuing of the respective patents, it shall and is hereby made the duty of the surveyor-general, and he is hereby authorised and required, to sell the parts so subjected, at public vendue, after giving six weeks notice thereof in one or more of the public newspapers printed in this state; and the money arising therefrom shall be by him applied to the discharge of the principal and interest of the debts due to the surveyors, chain-bearers, and such other necessary expenses as may accrue in the discharge of the business aforesaid; and in consequence of such sale, the purchaser shall be vested with the fee of the lands so to be sold as aforesaid, by a deed from the surveyor-general, and the overplus of the money, if any, that shall remain in the hands of the surveyor-general, shall be paid into the treasury of the state, to be applied hereafter, by law, towards laying out and making roads in the tract aforesaid.

V. *And be it enacted by the authority aforesaid,* That the letters patent mentioned and directed to be issued, by the eighth clause of the act herein first recited, shall issue in the names of the persons who have actually served in the line of the army of the United States, as designated in the said concurrent resolutions, and the eleventh clause of the said act, passed the eleventh day of May, 1784, granting the same to such persons respectively, and to their respective heirs and assigns forever; and the lands so to be granted in and by the said letters patent, shall be deemed, considered and adjudged to have vested in the respective grantees, and their heirs and assigns respectively, on the twenty-seventh day of March, in the year of our Lord one thousand seven hundred and eighty-three; and all grants, bargains, sales, devises and other dispositions made by any of the said grantees, or their heirs or assigns, of the said land so to be granted to them respectively, or any part thereof, between the said twenty-seventh day of March, in the year last aforesaid, and the date of such letters patent respectively, shall be as good and effectual as if the said letters patent had been granted on the said twenty-seventh day of March, in the year last aforesaid.

VI. *And be it further enacted by the authority aforesaid,* That instead of the balloting directed to be performed in and by the third and fifth clauses of the act herein first recited, the same shall be done and performed in manner following: The said commissioners, after having determined how many townships will contain lands sufficient to satisfy the claims of all such persons who are entitled to bounty and gratuity lands by the said concurrent resolutions, and by the eleventh clause of the said act, passed the eleventh day of May, one thousand seven hundred and eighty-four, and shall have numbered the same, from number one progressively, the said commissioners shall then cause one hundred ballots or tickets to be made and numbered, from number one to one hundred, and marked also with the words, township number one, and shall also cause a like number of ballots or tickets to be

made and numbered, and marked for township number two, and so on until ballots or tickets in like manner are made, numbered and marked as aforesaid, for each of the townships set apart for satisfying the said bounties or gratuities, and after having caused the said ballots or tickets to be rolled up, shall then cause the whole of the said ballots or tickets to be put into a box, and whenever they shall have determined that any particular person applying for bounty and gratuity lands as aforesaid, is entitled to the same, they shall cause one ballot or ticket to be drawn out of the said box, or as many ballots or tickets to be drawn out as such person applying shall be entitled to shares of six hundred acres, and the lots in each township so drawn shall be the separate and distinct share of such person, or of his heirs or assigns; and whenever the number of ninety-four ballots or tickets shall be drawn in any one township, the remaining six lots shall be considered and taken as reserved for the purposes expressed in the sixth clause of the act herein first recited, and whenever any of such remaining six lots shall be drawn, the said commissioners shall cause another ballot or ticket to be drawn, and so on until a lot shall be drawn, which shall not be one of the six lots reserved in each township as aforesaid; and the said commissioners shall proceed on in like manner, on the application of every person who shall appear to be entitled to the bounty and gratuity aforesaid, until the whole claims of such persons, or their heirs or assigns, who shall be so entitled as aforesaid, shall be satisfied; and in case the number of townships first set apart by the said commissioners shall prove insufficient to satisfy such claims, the said commissioners shall and may, from time to time, proceed to set apart such other and further township or townships, or part thereof, as shall be sufficient to satisfy such claims.

VII. *And be it further enacted by the authority aforesaid,* That whenever it shall appear to the said commissioners that any person applying for bounty and gratuity lands as aforesaid, shall have received from the United States the bounty of land promised to such person by Congress, or in case the said commissioners shall not be able to procure the assignment of such land, mentioned in the fourth clause of the act herein first recited, that then the said commissioners, having determined that such person is entitled as aforesaid, shall cause letters patent to issue to such person for the bounty and gratuity lands as aforesaid, reserving however, in and by the said letters patent, one hundred acres in each lot to which such person shall be so entitled, to the people of this state, designating particularly in which part of such lot such reserved part shall be taken.

VIII. *And be it further enacted by the authority aforesaid,* That the secretary of this state, instead of the fees allowed him in and by the eighth clause of the act herein first recited, shall be allowed for his services in preparing the letters patent, and keeping the minutes of the said commissioners, the sum of sixteen shillings for each and every of the letters patent to be issued for any quantity of land not exceeding six hundred acres, and the further sum of one shilling for every hundred acres more contained in any such letters patent, in pursuance of the said acts; and for his services in preparing every letters patent for the quantity of six hundred acres of land or under, and keeping the minutes of the commissioners aforesaid, the sum of sixteen shillings, any law to the contrary notwithstanding.

IX. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful for the commissioners of the land-office to receive and examine claims from the officers and soldiers who were returned as the quota of this state; and those who received the depreciation of their pay from this state shall be entitled to the gratuity and bounty lands in like manner as in and by this act is granted to the officers and soldiers of the line of this state, lately serving in the army of the United States.

X. And whereas it appears to the legislature, by a report of the commissioners of the land-office, that the lands set apart for the Canadian and Nova-Scotia refugees are all appropriated: And whereas it further appears to the legislature, by the petitions of Captain Joseph Delezenne, Lieutenant Elijah Bill, Lewis Soso, and Francis Ossey, refugees from Canada and Nova-Scotia, that they were not included in the return; and it appearing reasonable that provision should be made for them, *Be it further enacted by the authority aforesaid,* That the commissioners of the land-office be and they are hereby directed to grant to Captain Joseph Delezenne, Lieutenant Elijah Bill, Lewis Soso, and Francis Ossey, refugees as aforesaid, the

proportion of land they would have been entitled to by any former law of this state, if they had applied within the time limited by the said law, out of any lands set apart for the troops of the line of this state, lately serving in the army of the United States.

XI. And whereas by a proviso subjoined to the eleventh section of the act herein first recited, the time limited for making the locations in and by the said section authorised, is one year after the passing of the said act, which period hath elapsed, and it is deemed necessary to revive and extend the same: Therefore, *Be it enacted by the authority aforesaid,* That the time in which such locations may be made, be and the same is hereby revived and extended to the first day of March next.

XII. *And be it further enacted by the authority aforesaid,* That it shall and may be lawful for the surveyor-general, by agreement with the proprietors of the land ceded to the state of Massachusetts by this state, to run out and settle the eastern boundaries of the said land.

Whereas, by an act, entitled "An act to appropriate the lands set apart to the use of the troops of the line of this state, lately serving in the army of the United

States, and for other purposes therein mentioned," passed the 28th of February, 1789, this board are authorised to direct the sale of the whole or any part of the bounty or gratuity lands claimed under the acts of Congress, and which shall be assigned as the said law directs, (by the persons entitled to the same) to the surveyor-general of this state, for the use of the people thereof: And whereas many of the said bounties have been so assigned as aforesaid,

Resolved therefore, That notice be given in one of the public newspapers printed in this city, that applications for the purchase of the said assigned bounties, will be daily attended to, at the secretary's office, during the usual office hours, until the whole shall be disposed of.

At a meeting of the Commissioners of the Land-Office of the State of New-York, held at the Secretary's Office in the City of New-York, on Saturday the 29th day of January, 1791,

PRESENT,

LEWIS A. SCOTT, Esquire, *Secretary,*
GERARD BANCKER, Esquire, *Treasurer,*
PETER T. CURTENIUS, Esquire, *Auditor.*

The secretary laid before the board maps of the two townships made by the surveyor-general, and filed in the secretary's office, pursuant to a resolution of this board of the 31st day of July, 1790, of the lands set apart for the purposes of bounty and gratuity to such persons as are entitled to the same by concurrent resolutions of the senate and assembly of the 27th of March, 1783, and the eleventh clause of the act, entitled "An act for granting certain lands promised to be given as bounty lands by laws of this state, and for other purposes therein mentioned," passed the 11th of May, 1784; on each of which said maps, the said townships respectively are subdivided into one hundred lots, as nearly square as may be, each lot containing six hundred acres.

Whereupon the board caused one of the said townships, to wit, Township No. 26, and the lots thereon respectively, to be numbered agreeable to law, and the township to be designated by the name of the township of *Junius;* and they also caused ballots for the said lots to be prepared and put in the balloting box.

At a meeting of the Commissioners of the Land-Office of the State of New-York, held at the Secretary's Office in the City of New-York, on Friday the 10th day of August, 1792,

PRESENT,

His Excellency GEORGE CLINTON, Esquire, *Governor,*
LEWIS A. SCOTT, Esquire, *Secretary,*
GERARD BANCKER, Esquire, *Treasurer,*
PETER T. CURTENIUS, Esquire, *Auditor.*

The board, finding it necessary in order to comply with the grants of bounty lands lately directed by law to be made to the Hospital department and others, caused Township No. 27 (of the lands set apart for the purposes of bounty and gratuity to such persons as are entitled to the same by concurrent resolutions of the legislature, and by laws of this state,) and the lots thereon respectively, to be numbered agreeable to law, and the township to be designated by the name of the township of *Galen;* and they also caused ballots to be prepared for said lots, and put into the balloting box.

At a meeting of the Commissioners of the Land-Office of the State of New-York, held at the Secretary's Office in the City of New-York, on Thursday the 11*th day of September*, 1794,

PRESENT,

His Excellency GEORGE CLINTON, Esquire, *Governor*,
LEWIS A. SCOTT, Esquire, *Secretary*,
GERARD BANCKER, Esquire, *Treasurer*,
PETER T. CURTENIUS, Esquire, *Auditor*.

Whereas it appears to this board, that there are still unsatisfied several claims for bounty lands for military services rendered during the late war, and that the twenty-seven townships heretofore appropriated by this board for satisfying claims for such military services are all now disposed of: *Resolved therefore*, That the surveyor-general be and he is hereby directed to make a return to this board of one other township of the lands set apart for the military, to be numbered Twenty-Eight, and to be laid out and bounded as follows, to wit: Beginning on the bank of Lake Ontario, at the northwest corner of the township of Hannibal, and to run thence southerly along the west bounds of said township to the northerly bounds of the township of Cato; then westerly and southerly along the bounds of the township of Cato, to the northerly bounds of the township of Galen; then westerly along the same until a line extended north to the bank of the said lake, and continued north-easterly along the said bank, to the place of beginning, will include sixty thousand acres.

At a meeting of the Commissioners of the Land-Office of the State of New-York, held at the Secretary's Office in the City of New-York, on Friday the 16*th of January*, 1795,

PRESENT,

LEWIS A. SCOTT, Esquire, *Secretary*,
GERARD BANCKER, Esquire, *Treasurer*,
PETER T. CURTENIUS, Esquire, *Auditor*.

The surveyor-general having, pursuant to a resolution of this board of the 11th of September last, made a return of survey of Township number Twenty-Eight of the lands set apart for the purposes of bounty and gratuity to such persons as are entitled to the same by concurrent resolutions of the senate and assembly, and laws of this state, the board caused the lots thereon respectively to be numbered agreeable to law, and the township to be designated by the name of *Sterling;* and they also caused ballots to be prepared for said lots, and put into the balloting box; when lots were balloted for several persons who were deemed to be entitled to the same.

THE BALLOTING BOOK.

EXPLANATION of the following columns of this book, which contains a list of persons names entitled to a gratuity of lands for their military services.

The Townships contain 60,000 acres, and are divided into 100 lots of 600 acres each, being the amount of the state gratuity and continental bounty allowed to a private. Therefore, whenever the column for acres is filled up with 500 acres only, the assignment of the continental bounty has not been obtained, and of course the state gratuity only granted. But whenever for a privates right 600 is inserted in the column of acres, an assignment of the continental bounty has been obtained. And so in like manner where the aggregate amount of the quantity of acres of the different lots balloted for any one officer, appears to be equal to the state gratuity and continental bounty, assignments of the continental bounty have also been obtained. And whenever a less quantity than 500 acres is inserted in the column for acres, it is because the gratuity of the state and the continental bounty do not correspond with the division of the townships into lots of six hundred acres, in which case, as well as where 500 is inserted in the column for acres, the surplus is reserved in the patent for the use of the people of this state.

A true return, taken from the last muster rolls of the Continental Army, for the month of April, in the year one thousand seven hundred and eighty-three.

MICHAEL CONNOLLY.

New-York, April 23, 1785.

N. B. There is a certified copy attends this, made out by Col. John Lamb, for the 2d regiment of artillery.*

* See the said certified copy, commencing on the next page.

I do hereby, as agent for the troops of this state who were lately in the service of the United States, consisting of the two regiments of infantry and the second regiment of artillery, with the general and staff officers thereof, enter their claims for the lands to which they are respectively entitled, requesting the honorable commissioners for granting lands in the state of New-York, to issue patents for the same in time convenient. Dated at New-York, the fifth of May, 1785.

MICHAEL CONNOLLY, *Agent as aforesaid.*

I do hereby certify, that Mr. Thomas Warner was a lieutenant in the Third New-York Regiment, from the formation of that regiment until the beginning of June 1778, when he became deranged, on a reform which took place at that time, agreeably to an act of congress for that purpose.

M. WILLETT, *formerly Lieutenant Colonel in the said Regiment.*

New-York, Nov. 7, 1789.

I believe the bearer, late Lieut. Thomas Warner, is entitled to twelve hundred acres bounty lands, from his being a deranged officer; although I have not returned him in the Secretary's office, for want of the muster roll of that regiment at that time I made out the return.

MICHAEL CONNOLLY.

New-York, Nov. 7, 1789.

RETURN

Of the Officers and Men of the New-York Regiment of Artillery, commanded by Col. John Lamb; who are entitled to the gratuity lands, by the several laws of the State granting lands to their troops, in addition to the bounty of lands given by Congress.
